Who are we up against?

PLANET EARTH

The Worst Mistake in the History of the Human Race

The advent of agriculture was a watershed moment for the human race. It may also have been our greatest blunder.

OIL REFINING CAPACITY IN AUSTRALIA

Australia should be an energy superpower

AUSTRALIAN ENERGY TRADE 2020-21

- **Not enough refining capacity.**
- **Refining capacity has been cut by two-thirds to just under 25% of its total needs since 2010.**
- **On a per capita basis, Australia now has 84% less domestic refining capacity than the US**

The best coal – the worst decisions
